**Description**

**Communications, Computer Equipment, Peripherals, Components and Supplies**

Communications and computer supplies

Audio recording media

<input type="checkbox"/>	Blank audio tapes
--------------------------	-------------------

Data storage media

<input type="checkbox"/>	Blank data tapes
--------------------------	------------------

<input type="checkbox"/>	Floppy diskettes
--------------------------	------------------

<input type="checkbox"/>	High density removable media blank disks
--------------------------	--

<input type="checkbox"/>	Recordable compact discs (CD's)
--------------------------	---------------------------------

Multimedia storage

<input type="checkbox"/>	Compact disc (CD) cases
--------------------------	-------------------------

<input type="checkbox"/>	Diskette holders
--------------------------	------------------

<input type="checkbox"/>	Multimedia drawers
--------------------------	--------------------

<input type="checkbox"/>	Multimedia towers
--------------------------	-------------------

Hardware and accessories

Antennas

<input type="checkbox"/>	Aircraft antennas
--------------------------	-------------------

<input type="checkbox"/>	Automotive antennas
--------------------------	---------------------

<input type="checkbox"/>	Broadcast antennas
--------------------------	--------------------

<input type="checkbox"/>	Communications antennas
--------------------------	-------------------------

<input type="checkbox"/>	Microwave antennas
--------------------------	--------------------

<input type="checkbox"/>	Radar antennas
--------------------------	----------------

<input type="checkbox"/>	Radio antennas
--------------------------	----------------

<input type="checkbox"/>	Satellite antennas
--------------------------	--------------------

<input type="checkbox"/>	Television antennas
--------------------------	---------------------

Audio and visual accessories

<input type="checkbox"/>	Computer speakers
--------------------------	-------------------

<input type="checkbox"/>	Multimedia kits
--------------------------	-----------------

<input type="checkbox"/>	Musical instrument digital interface (MIDI) interfaces or adapters
--------------------------	--

<input type="checkbox"/>	Radio cards
--------------------------	-------------

<input type="checkbox"/>	Signal processor upgrades
--------------------------	---------------------------

<input type="checkbox"/>	Television cards
--------------------------	------------------

<input type="checkbox"/>	Video capture boards
--------------------------	----------------------

Automated data collection Equipment

<input type="checkbox"/>	Bar code equipment
--------------------------	--------------------

<input type="checkbox"/>	Camera-based vision systems for automated data collection
--------------------------	---

<input type="checkbox"/>	Radio frequency data communication equipment
--------------------------	--

<input type="checkbox"/>	Radio frequency identification (ID) equipment
--------------------------	---

Computer control and interface boards and cards

<input type="checkbox"/>	Audio cards
--------------------------	-------------

<input type="checkbox"/>	Emulation adapters
--------------------------	--------------------

<input type="checkbox"/>	Graphic accelerator cards
--------------------------	---------------------------

<input type="checkbox"/>	Network interface cards
--------------------------	-------------------------

<input type="checkbox"/>	Parallel port cards
--------------------------	---------------------

<input type="checkbox"/>	Parallel to serial converters
--------------------------	-------------------------------

<input type="checkbox"/>	Parallel to small computer system interface converters
--------------------------	--

<input type="checkbox"/>	Serial infrared ports
--------------------------	-----------------------

<input type="checkbox"/>	Serial port cards
--------------------------	-------------------

<input type="checkbox"/>	Small computer system interface (SCSI) controller cards
--------------------------	---

<input type="checkbox"/>	Video accelerator cards
--------------------------	-------------------------

Computer switch boxes

<input type="checkbox"/>	Automatic printer switches
--------------------------	----------------------------

<input type="checkbox"/>	Keyboard video mouse (KVM) switch boxes
--------------------------	---

<input type="checkbox"/>	Manual printer switches
--------------------------	-------------------------

<input type="checkbox"/>	Serial switch boxes
--------------------------	---------------------

Computers

<input type="checkbox"/>	Docking stations
--------------------------	------------------

<input type="checkbox"/>	Mainframe computers
--------------------------	---------------------

<input type="checkbox"/>	Notebook computers
--------------------------	--------------------

<input type="checkbox"/>	Personal digital assistants (PDA's); or pen-based computers
--------------------------	---

<input type="checkbox"/>	Port replicators
--------------------------	------------------

<input type="checkbox"/>	Servers
--------------------------	---------

<input type="checkbox"/>	Workstations, desktop computers
--------------------------	---------------------------------

Electronic data storage equipment

<input type="checkbox"/>	Combination floppy drives
--------------------------	---------------------------

<input type="checkbox"/>	Compact disc (CD) jukeboxes or changers
<input type="checkbox"/>	Disk arrays
<input type="checkbox"/>	Floppy drives
<input type="checkbox"/>	Hard drives
<input type="checkbox"/>	High capacity removable media drives
<input type="checkbox"/>	Multi-drive hard drive towers
<input type="checkbox"/>	Read-only compact disc (CD) drives
<input type="checkbox"/>	Recordable compact disc (CD) drives
<input type="checkbox"/>	Reel to reel tape drives
<input type="checkbox"/>	Single optical drives
<input type="checkbox"/>	Tape arrays
<input type="checkbox"/>	Tape drive auto loaders or libraries

#### Enclosures, frames and backplanes

<input type="checkbox"/>	Chassis
<input type="checkbox"/>	Expansion slot expander
<input type="checkbox"/>	Network chassis
<input type="checkbox"/>	Racks

#### Input devices

<input type="checkbox"/>	Computer mice
<input type="checkbox"/>	Graphics tablets or digitizers
<input type="checkbox"/>	Joysticks or game pads
<input type="checkbox"/>	Keyboards or keypads
<input type="checkbox"/>	Remote user interfaces
<input type="checkbox"/>	Scanners
<input type="checkbox"/>	Touch pads
<input type="checkbox"/>	Trackballs
<input type="checkbox"/>	Voice microphones for computers

#### Memory and central processing units (CPU's)

<input type="checkbox"/>	Cache memory
<input type="checkbox"/>	Central processing unit (CPU) motherboards or daughterboards
<input type="checkbox"/>	Central processing unit (CPU) processors

#### Modems and related hardware

<input type="checkbox"/>	Integrated services digital network (ISDN) adapters
--------------------------	---

- Modem banks
- Modems
- Modems and network combo cards

#### Monitors and displays

- Flat panel displays
- Monitors
- Touch screen monitors

#### Network hardware, components and accessories

- Adapters
- Data service units (DSU's)
- Hubs or concentrators
- Media filters
- Multistation access units (MAU's)
- Network bridges
- Routers
- Wide area network (WAN) cards

#### Network repeaters

- Attached resource computer network (ARCnet) repeaters
- Ethernet repeaters
- Fiber distributed data interface (FDDI) repeaters
- Token ring repeaters

#### Network switches

- Asynchronous transfer mode (ATM) switches
- Fiber distributed data interface (FDDI) switches
- Local area network (LAN) switches
- Wide area network (WAN) switches

#### Printers

- Band printers
- Dot matrix printers
- Inkjet printers
- Label printers
- Large format printers
- Laser printers

<input type="checkbox"/>	Line matrix printers
<input type="checkbox"/>	Page printers
<input type="checkbox"/>	Plotters
<input type="checkbox"/>	Thermal tape printers

#### Radio systems

<input type="checkbox"/>	Receivers
<input type="checkbox"/>	Short wave equipment
<input type="checkbox"/>	Transceivers
<input type="checkbox"/>	Transmitters
<input type="checkbox"/>	Tuners

#### Telecommunications equipment

<input type="checkbox"/>	Electronic sound equipment
<input type="checkbox"/>	Intercommunications or paging systems
<input type="checkbox"/>	Line conditioners
<input type="checkbox"/>	Pagers or beepers
<input type="checkbox"/>	Public address equipment
<input type="checkbox"/>	Satellite communication equipment
<input type="checkbox"/>	Teleconferencing equipment
<input type="checkbox"/>	Telegraph equipment
<input type="checkbox"/>	Teletype equipment
<input type="checkbox"/>	Wireless base stations

#### Telephony equipment

<input type="checkbox"/>	Analog or digital cellular telephones
<input type="checkbox"/>	Analog or digital telephones
<input type="checkbox"/>	Answering machines
<input type="checkbox"/>	Cordless telephones
<input type="checkbox"/>	Exchange components (CODEC)
<input type="checkbox"/>	Exchange data interface cards
<input type="checkbox"/>	Exchange datacom modules
<input type="checkbox"/>	Exchange trunk interface or card components
<input type="checkbox"/>	Mobile telephones
<input type="checkbox"/>	Pay telephones
<input type="checkbox"/>	Phone exchange interfaces or components

<input type="checkbox"/>	Premise branch exchange (PBX) systems
<input type="checkbox"/>	Punch down blocks
<input type="checkbox"/>	Switchboard equipment
<input type="checkbox"/>	Telephone headsets
<input type="checkbox"/>	Telephone switching equipment
<input type="checkbox"/>	Voice mail systems

Securised Hardware

<input type="checkbox"/>	Crypto
--------------------------	--------

Rugged

<input type="checkbox"/>	Rugged Computers
<input type="checkbox"/>	Rugged Displays
<input type="checkbox"/>	Rugged Network
<input type="checkbox"/>	Rugged Peripherals

Tempest LEVEL I (AMSG720B)

<input type="checkbox"/>	Tempest LEVEL I Computers
<input type="checkbox"/>	Tempest LEVEL I Displays
<input type="checkbox"/>	Tempest LEVEL I Network
<input type="checkbox"/>	Tempest LEVEL I Peripherals

Tempest LEVEL II (AMSG788A)

<input type="checkbox"/>	Tempest LEVEL II Computers
<input type="checkbox"/>	Tempest LEVEL II Displays
<input type="checkbox"/>	Tempest LEVEL II Network
<input type="checkbox"/>	Tempest LEVEL II Peripherals

ZONED

<input type="checkbox"/>	ZONED Computers
<input type="checkbox"/>	ZONED Displays
<input type="checkbox"/>	ZONED Network
<input type="checkbox"/>	ZONED Peripherals

<input type="checkbox"/>	Security Software
--------------------------	-------------------

Software

Business transaction and personal business software system software

<input type="checkbox"/>	Accounting software
<input type="checkbox"/>	Facilities management software
<input type="checkbox"/>	Financial analysis software

<input type="checkbox"/>	Inventory management software
<input type="checkbox"/>	Investment management software
<input type="checkbox"/>	Software suites
<input type="checkbox"/>	Tax preparation software
<input type="checkbox"/>	Time accounting or human resources software

#### Communication Software

<input type="checkbox"/>	Desktop communications software
<input type="checkbox"/>	Exchange software
<input type="checkbox"/>	Interactive voice response software
<input type="checkbox"/>	Modem software
<input type="checkbox"/>	Remote access software
<input type="checkbox"/>	Video conferencing software

#### Database systems

<input type="checkbox"/>	Database software
--------------------------	-------------------

#### Document creation software

<input type="checkbox"/>	Desktop publishing software
<input type="checkbox"/>	Document management software
<input type="checkbox"/>	Electronic publishing software
<input type="checkbox"/>	Optical character reader (OCR) software
<input type="checkbox"/>	Presentation software
<input type="checkbox"/>	Scanner software
<input type="checkbox"/>	Voice recognition software
<input type="checkbox"/>	Word processing software

#### Drawing and imaging software

<input type="checkbox"/>	Charting software
<input type="checkbox"/>	Computer-aided design (CAD) software
<input type="checkbox"/>	Computer-aided manufacturing (CAM) software
<input type="checkbox"/>	Form-making software
<input type="checkbox"/>	Graphics software
<input type="checkbox"/>	Mapping software

#### Industry specific software

<input type="checkbox"/>	Aviation ground support software
<input type="checkbox"/>	Aviation test software

<input type="checkbox"/>	Flight control software
<input type="checkbox"/>	Point of sale (POS) software
	Internet and intranet software
<input type="checkbox"/>	Internet browsing software
	Miscellaneous software
<input type="checkbox"/>	Computer game software
<input type="checkbox"/>	Educational software
<input type="checkbox"/>	Entertainment software
<input type="checkbox"/>	Family titles
<input type="checkbox"/>	Screen savers
<input type="checkbox"/>	Training software
	Multimedia software
<input type="checkbox"/>	Music or sound editing software
	Networking software
<input type="checkbox"/>	Administration software
<input type="checkbox"/>	Bridge software
<input type="checkbox"/>	Communications server software
<input type="checkbox"/>	Compact disc (CD) server software
<input type="checkbox"/>	Gateway software
<input type="checkbox"/>	License management software
<input type="checkbox"/>	Mainframe transaction processing software
<input type="checkbox"/>	Multiplexer software
<input type="checkbox"/>	Network analysis software
<input type="checkbox"/>	Network connectivity terminal emulation software
<input type="checkbox"/>	Network monitoring software
<input type="checkbox"/>	Network operating system software
<input type="checkbox"/>	Network security software
<input type="checkbox"/>	Networking developer's software
<input type="checkbox"/>	Operating system enhancement software
<input type="checkbox"/>	Optical jukebox server software
<input type="checkbox"/>	Platform interconnectivity software
<input type="checkbox"/>	Switch or router software
<input type="checkbox"/>	Transaction server software

Operating systems

- Mainframe operating system software
- Personal computer (PC) operating system software

Print shop software

- Address book making software
- Label making software

Programming languages and tools

- Compiling softwares
- Configuration management software
- Development software
- Graphical user interface (GUI);tools
- Program testing software
- Programming languages

Scheduling and productivity software

- Contact management software
- Project management software
- Scheduling software

Software utilities

- Backup or recovery software
- Bar coding software
- Compression utilities
- File security or data security software
- Foreign language translation software
- General utility software
- Print utility software
- Storage media loading software
- Virus protection software

Spreadsheets and enhancement software

- Spreadsheet software

**Miscellaneous**

Audio/Visual Equipment

- Digital camera
- LCD projectors
- Television

- Video camera
- Video cassette recording
- Video project equipment

Electrical components and supplies

- Power distribution units (PDU)
- Power supply units (UPS)
- Global positioning systems (GPS)

Office Equipment, accessories and supplies

- Facsimile
- Photocopiers

Power generation and distribution

- Batteries and accessories

Electrical wire, cable and harness

- Network cable
- Power generators

Prefabricated structures

- Container units
- Shelters

**Services**

Civil Services

Building support, maintenance and repair services

Electrical Services

- Communication equipment installation
- Electrical power systems installation or services
- Electronic controls installation
- Safety and security systems installation

Environmental Services

- Environmental Management
- Environmental Protection
- General building construction
- Infrastructure construction and maintenance

Transportation, Storage and Mail Services

- Material packing and handling
- Storage
